HAPPY
ST. PATRICK'S
DAY

Volume 1624

March 16 - March 29, 2023

Fun Facts of St Patrick's Day

- St. Patrick's Day always falls on the 17th of March.
- The first St. Patrick's Day parade took place in America—not in Ireland.
- The New York City St. Patrick's Day parade is the world's oldest civilian parade and the largest in the United States.
- Chicago began its annual tradition of turning the Chicago River green on St. Patrick's Day in 1962.
- In Ireland, St. Patrick's Day had been viewed mostly as a religious observance, and up until the 1960s, they even had laws that forbid bars from being open that day.
- It wasn't until 1798 (the year of the Irish Rebellion) that the color green became officially associated with St. Patrick's Day. Before then, blue was originally associated with St. Patrick.
- St. Patrick's Day switched over from a strictly holy day for Catholics to an official Irish public holiday in 1903.
- Although St. Patrick's Day falls within the period of Lent—a time when the Catholic Church prohibits eating meat, the ban is lifted on this specific day of celebration.
- The annual shamrock ceremony in the White House started in 1952.
- Each year, 5.5 million people visit New York's St. Patrick's Cathedral.
- Before St. Patrick became a missionary; he had been kidnapped at the age of 16 and taken to Ireland as a slave.
- St. Patrick is said to have been buried in the town of Downpatrick, County Down, in Northern Ireland.
- There are two autobiographical writings from St. Patrick himself, including Confessio and Letter to Coroticus.
- Traditionally, Catholic families go to church in the morning on St. Patrick's Day and partake in a meal that includes cabbage and Irish bacon.
- Dublin's first official celebration of St. Patrick's Day did not occur until 1931.

Passing is 3 card no-peak by bidding winning team

Non-bid winning team must take trick to keep meld

Cards will be dealt 3 at a time

All hands must be played in full

No jump bidding or signaling allowed

No cell phone use during play

Winners will be determined by total accumulative score for the day

Pinochle

CWD Test Results

- With most chronic wasting disease testing completed, the North Dakota Game and Fish Department reported 24 deer from the 2022 hunting season tested positive.
- Eight deer were from hunting unit 3F2; eight from unit 3A1; two from unit 4B; and one from units 3B1 and 3E2. Single positive deer were also found in four new units – 3A3, 3E1, 3F1 and 4F – where the disease had not been previously detected.
- Wildlife division chief Casey Anderson said the department is encouraged the number of cases was on par with results from the 2021 hunting season when 26 cases were found.
- “While we certainly wish the number was zero, this stable trend is a good thing and supports our current management approach,” he said.
- CWD is a fatal disease of deer, moose and elk that remains on the landscape and can cause long-term population impacts as infection rates climb. The 2022 results come while the state legislature considers a bill that would strip the Game and Fish Department’s ability to restrict baiting as a means to combat CWD.
- “Baiting restrictions are one of only a few tools the department has to try to slow down how fast CWD spreads,” said Dr. Charlie Bahnsen, wildlife veterinarian. “Artificially concentrating deer from August through November puts more animals in contact with each other and each other’s bodily fluids. That’s a lot of unnecessary risk that’s hard to justify in areas where CWD has been detected.”
- CWD forces Game and Fish to make tough decisions that leave some folks unhappy, Anderson said.
- “That said, the department is charged with protecting the health of the deer herd for current and future use,” he said. “It’d be irresponsible of us to ignore the serious threat CWD poses, and we hope to have every tool available to do our job. Unfortunately, with CWD, we don’t get a redo.”
- Confirmed cases included 22 hunter harvested mule deer; one harvested white-tailed deer; and one mule deer hit by a vehicle. The estimated infection rates among mule deer were 4.9% in unit 3F2 and 9.8% in unit 3A1. Only 4.4% of hunters submitted heads for testing in units where the department focused its surveillance efforts.
- Game and Fish will use its 2022 surveillance data to guide its CWD management strategy moving forward. More information about CWD can be found by visiting the department’s website, gf.nd.gov.

Grant Supports High School Trap League

Local clubs or communities interested in receiving a grant to support a high school trap shooting team must have the application in before April 1. Existing teams that have received a grant in the past are not eligible.

The North Dakota Game and Fish Department offers a grant of up to \$1,000, with funds designed to purchase gear such as eye and hearing protection, vests, shell bags and magnetic barrel rests. Interested applicants can print out the high school trap league grant application online at the Game and Fish website, gf.nd.gov.

For more information, contact Game and Fish education section leader Marty Egeland at 328-6612, or email megeland@nd.gov.

Corned Beef and Cabbage

What's more Irish than a traditional recipe for corned beef and cabbage? Serve with mustard or horseradish if desired.

Cook Time: 2 hrs 30 mins

Ingredients

1 (3 pound) corned beef brisket with spice packet

10 small red potatoes

5 medium carrots

1 large head cabbage

Directions

Place corned beef in a Dutch oven and cover with water. Add spice packet, cover, and bring to a boil. Reduce heat and simmer until corned beef is just about fork-tender, about 2 hours.

While the corned beef is simmering, cut potatoes in half. Peel carrots and cut into 3-inch pieces. Cut cabbage into small wedges.

When corned beef has cooked for 2 hours, add potatoes and carrots; cook until vegetables are almost tender and meat is fork-tender, about 10 minutes. Add cabbage and cook until tender, about 15 more minutes. Remove meat and let rest for 15 minutes. Leave broth and vegetables in the Dutch oven. Slice meat across the grain.

I dressed up as a Game Warden yesterday and caught a ton of fish, a new boat, a truck and a buncha fishing gear.

Riverdale-Pick City Ambulance Spotlight

1. How long have you been with the service?

I have been with the ambulance service since 2017.

2. Why did you join the service?

I moved into the area in 2016 and wanted to support the community with my skill set.

3. What is your role with the service?

I am an Emergency Medical Technician.

4. What is one piece of advice you have learned during your time in EMS?

Although my role with the ambulance service is just one small piece of this community's puzzle, it takes the entire community to support one another. I have felt a sense of ownership and acceptance since the day I moved here and it's been a true pleasure serving and living amongst this amazing community!

Scott Sterling
