**Gracie Orth,
the dedicated skater..
written by Toni Ganje**

At the age of 7, Gracie attended her first Ice Show in Minot. Having never before seen figure skating, Gracie was in awe over Tinker Bell spinning and jumping on the ice and she knew that is what she wanted to do. Seeing the excitement Gracie expressed in figure skating, Gracie's mom, Amy, didn't think twice, she signed her up for lessons at the Magic City Figure Skating Club, in Minot. That is when the whirlwind in their life began. As Gracie's passion and talent excelled in figure skating, the Orth Family found themselves traveling to Minot 4 days a week, often getting up at 4:30am in order for Gracie to train and make it to Underwood school before first period. In the fall, Gracie also plays volleyball. This is where Gracie faces her biggest challenges. Gracie will travel to Minot in the morning to skate, put in a full day at school, then head to a volleyball game or practice, often not getting home until 9pm, then get up the next morning at 4:30am to do it all over again. Gracie's hard work and dedication is paying off. Gracie has mastered the ability to land an axel and double salchow jump. Gracie has competed in 19 events this season and won first place in 12 of those events. Gracie is in the 8th grade and has many years to continue to grow as a skater. If you see Gracie, congratulate her on her hard work and dedication in the sport she loves, figure skating.

Garrison Area Improvement Association is proud to support the community of Riverdale through their presence at Knights Bar & Grill and Spillway Coffee House.

A young couple moved into a new house. The next morning while they were eating breakfast, the young woman saw her neighbor hanging the washing outside.

"That laundry is not very clean; she doesn't know how to wash correctly. Perhaps she needs better soap powder.

Her husband looked on, remaining silent. Every time her neighbor hung her washing out to dry, the young woman made the same comments.

A month later, the woman was surprised to see a nice clean wash on the line and said to her husband, "Look, she's finally learned how to wash correctly. I wonder who taught her this?"

The husband replied, "I got up early this morning and cleaned our windows."

And so it is with life... What we see when watching others depends on the clarity of the window through which we look.

So don't be too quick to judge others, especially if your perspective of life is clouded by anger, jealousy, negativity or unfulfilled desires.

Grant Application to Assist R3 Efforts

Wildlife, shooting, fraternal and nonprofit civic organizations can submit an application for the Encouraging Tomorrows Hunters program, a North Dakota Game and Fish Department grant program developed to assist in the recruitment, retention and reactivation of hunters.

The program supports projects and events that provide a positive environment to develop the skills and confidence needed to create lifelong, conservation-minded hunting and shooting sports participants. Application deadline is May 1. The maximum grant allowed is \$3,000. The program currently helps fund approximately 40 club and organization events and projects each year, with an average grant of \$1,550.

Funds help cover event expenses, including promotional printing; event memorabilia such as shirts, caps or vests; ammunition and targets; and eye and ear protection.

Past funding has enabled groups to conduct learn-to-hunt events, or sponsor trap and other shooting events, including archery and rifle shooting. Game and Fish has separate grant programs that support National Archery in the Schools Program and high school trapshooting teams.

Clubs or organizations interested in applying should note the grant process, application, and records requirements. For more information, including a grant application, visit the Game and Fish Department website, gf.nd.gov, or contact Cayla Bendel, department R3 coordinator, at 701-220-3461.

2023-24 Licenses Needed April 1

North Dakota anglers, trappers and hunters are reminded that new licenses are required beginning April 1.

Licenses can be purchased on line by visiting the North Dakota Game and Fish Department website, gf.nd.gov. Once the license is processed, hunters and anglers will have the option to print a hard copy and/or download the license to a smart phone or mobile device, which is helpful when asked to show proof while hunting or fishing in rural areas that lack cellular service.

Licenses can also be purchased at more than 140 vendor locations throughout the state. The 2023-24 small game, fishing and furbearer licenses are effective April 1, 2023 to March 31, 2024.

Riverdale-Pick City Ambulance

Spotlight

1. How long have you been with the service?

I have been in the EMS since 2016 and joined the Riverdale-Pick City in 2020.

2. Why did you join the service?

To help out and be involved in the community.

3. What is your role with the service?

I am an Advanced Emergency Medical Technician.

4. What is one piece of advice you have learned during your time in EMS?

Since joining the EMS family, it has given me the opportunity to see the world in ways I never knew existed. There is a lot of responsibility and commitment that goes along with the roles. I've met a lot of amazing people in the Healthcare/EMS field who are great coaches, leaders, and providers. You train for all types of situations. Some are harder than others.

I've learned to be more compassion, be a better listener and have respect for the patient, no matter what the situation is. When someone calls 911, it usually is the scariest and worst moments that the patient and their families have experienced. In EMS, you're the frontline.

I've learned to talk to and comfort the patient. Sometimes that's all they need.

Sometimes you're their last hope.

John Crane
